

Deep Fryer

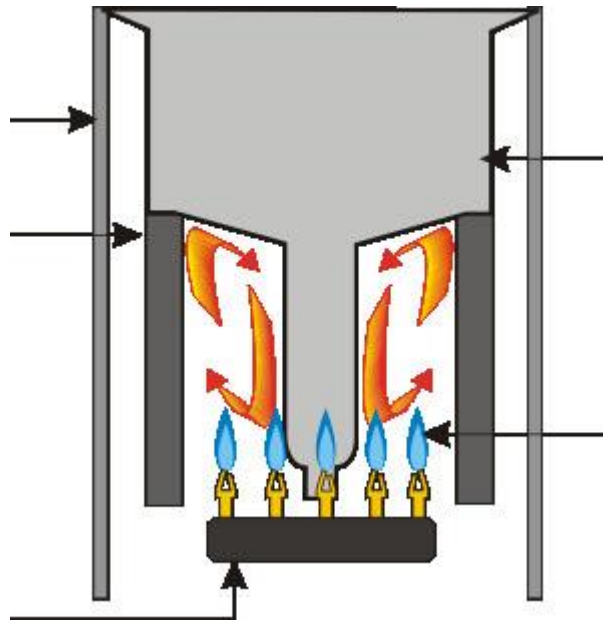

The tank exterior is encased in heat proof insulation material ensuring that the heat remains inside the tank.

Tank is constructed using 2.2mm stainless steel, oil capacity 20 Litres per pan
The unique high performance cast iron burner is U shaped allowing heat to concentrate around the tank

Duckbill turbo jet burners heat up to 90MJ

Available in both natural gas and LPG

Model Numbers	Number of Pans	Number of Baskets	Dimensions: (W x D x H)	Gas Capacity (MJ):
AL400DF – Picture Shown	1	2	400 x 790 x 900	90
AL800DF	2	4	800 x 790 x 900	180
AL1200DF	3	6	1200 x 790 x 900	270
